

CLCOK is committed to providing youth with meaningful programs and activities with outcomes that lead to high expectations!

We are centered on the empowerment, education and overall well-being of school aged youth.

What we do

We teach kids to read and excel so they can reach their full potential.

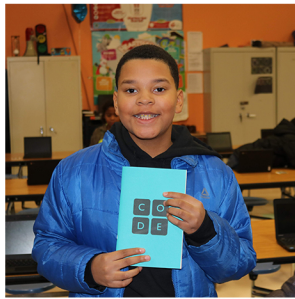

We offer programs that improve literacy among youth, build character and foster an appreciation for the STEM fields.

Join us and help

It just takes one...

One person. One smile. One ear. One day to make a positive impact and change the course of a child's life.

Visit us at www.clcoklahoma.org for more information or for volunteer opportunities!

We aim to be a strong and stable resource for youth and families in our community. As we move into 2022, we not only look back fondly on years of history, but look forward optimistically with the aim of building a solid foundation for our community's youth.

For more information about our programs and services in your community or for ways you can help, please visit us at www.clcoklahoma.org.
